Intercultural Mentoring Program is an innovative 5-day training course for teachers and educators interested in reducing early school leaving, in improving students learning with a migrant background, in promoting gender equality by using inclusive approaches in a multicultural educational context.

The Intercultural Mentoring Program model has been designed by Oxfam Italia thanks to long experiences on the educational field within Italian secondary schools. The model has been tested in different cities (Milan, Turin, Bologna, Arezzo) and in the last years it has been evaluated and has improved in the frame of an European project called INTO – Intercultural mentoring tools to support migrant integration at school -Comenius multilateral project 2012-14.

From these experiences, the training offers an opportunity to reinforce teachers and educators intercultural skills by identifying, training, supervising and evaluating – within our schools or organization – a group of mentor students who are meant to guide and support other students at risk of exclusion, with difficulties at school or during their integration phase at school.

Erasmus+ Programme

Erasmus+ is the EU funding programme for staff mobility and development in Primary and Secondary schools and for Adult Education. For detailed information on how to apply you can consult the section KA1 - Staff Mobility of the Erasmus Plus Programme Guide that can be downloaded from this page: http://ec.europa.eu/programmes/erasmus-plus/discover/index_en.htm.

An important part of the new application for funding is the description of your school/organization’s European Development Plan (EDP). This plan indicates how the planned mobility activities are inscribed in a wider and long-term strategy of development and modernization of the organization. The EDP will be an important part of the evaluation of grant applications and its quality will be evaluated.

The Erasmus+ grant is regarded as a contribution to your project costs. When applying for a Key Action 1 project for school education/adult education staff you are eligible to receive funding for the following cost headings on a per participant basis: Travel, Individual Support, Organisational Support, Course Fees and Special Needs Support.

Please note that our courses are structured in such a way that they could be fully financed by the Mobility Staff grant.
